Hi Susan – as promised, here are the first two EDs for the Olympia grant. The parking lot/former welding shop and metal scrap yard is the one that I'm guessing will be a bit sticky due to the City owning it (never operated on it or contributed to contamination).

Please confirm receipt. It's a rather big email. Let us know if you have questions.

Also – I submitted a petroleum ED to Ecology. As expected, they're a bit backed up and said they can get it to me by the end of the month. I'll forward on to you once I receive back.

Joel
